

# TF TRANQUIL BATHROOM FANS - LOW PROFILE

The low profile design of the TF-N Tranquil Bathroom Fan accommodates space constraints and fits in a wall or ceiling. The built-in damper prevents a backdraft, keeping tempered air in a home when the fan is not operating.

## FEATURES & BENEFITS

- Whisper-quiet bathroom fan
- Low-profile, 3-3/8" depth housing
- May be mounted in a wall or ceiling
- Clean, simple grille design
- Galvanized steel housing
- Easy installation
- Built-in backdraft damper
- Efficient AC motor
- 120V, 60 Hz operation
- Automatic reset thermal overload protection
- Fits 4" oval duct
